## SELECTMEN'S REPORT

The Board of Selectmen has enjoyed a productive year with a number of undertakings. The most expensive, the \$2 million landfill closure, is near completion and under budget in spite of the flooding rains that hampered the project this past November. The Transfer Station has now taken on a whole new look and, by consolidating the recycling areas, is a more efficient facility.

With Hobbs Street Water Project on line, new industry has moved into that area and jobs are on the grow.

Our ongoing, year round traffic problem seems to be headed for resolution with approvals finally being given by the EPA, Federal Highway Administration, and Army Corps of Engineers. Actual land acquisition and beginning phases could start in early 1997. One component of the "9A Modified" project that is still to be resolved is the West Side Connector which represents the "Modified" part of the name. This idea was added by NH Dept. of Transportation and will be discussed at a public hearing this spring. Most citizens agree that the north/south local road and the intersection improvements at Rte.16/112 and Rte.16/River Road are appropriate and necessary for relieving our traffic flow problems in the near term (6-12 years). The West Side Connector which is also scheduled for construction very early in the project, is vital to the success of these early phases. It will enable passenger car traffic to enter and exit the valley without the delays now experienced in Conway Village. I urge my fellow citizens to support this important component as it will aid greatly in moving the volume of traffic we must contend with prior to the construction of the actual bypass.

Until the "9A Modified" is in place, traffic control officers will play an important part in keeping the traffic moving along the Route 16 corridor. The Police Department and Commission are to be commended for their efforts in expanding this service - it really works.

Recent Town and School District Meetings have not had the attendance necessary for good representative government. An idea whose time is right will be voted on this year. SB-2, if passed, allows registered voters to express their will by ballot following the deliberative part of Town Meeting and School Meeting. The local access channel (CH 3) enables Town Meeting to be studied and reviewed by all voters, including those who were unable to participate in person. TV, along with our local newspaper, will give the inquiring voter an opportunity to make a more informed decision than ever before. It is certainly worth a try and I urge support of the Charter Amendment which will implement the language of SB-2.

Personnel Policy and Labor Contracts are heading towards 50/50 sharing of health insurance, and dollar costs are actually down again this year.

Your Town Government is working well. Municipal budgets are at pre-1990 levels and yet the various departments are operating at a high level of efficiency - even the Assessing Department, which in recent past was of particular concern, is now earning high marks and receiving frequent unsolicited compliments. Conway's future looks bright, economically, and Town Hall is ready to meet the challenges ahead.

Respectfully submitted,  
Paul D. Whetton, Chairman  
Board of Selectmen

## **CONWAY TOWN WARRANT STATE OF NEW HAMPSHIRE**

TO THE INHABITANTS OF THE TOWN OF CONWAY, County of Carroll, in the State of New Hampshire, qualified to vote in Town Affairs:

You are hereby notified to meet at the Conway Community Building (formerly known as Old Pine Tree School), Center Conway, New Hampshire, on Tuesday, March 12, 1996 at eight o'clock in the forenoon to act upon the following subjects hereinafter set forth. Voting on Articles 1 through 13 will be by official ballot, and the polls shall open for balloting at eight o'clock in the forenoon or as soon thereafter as the Moderator calls the meeting to order and declares a quorum present. The remaining articles of the Warrant shall be acted upon at eight thirty o'clock in the forenoon on Saturday, the sixteenth day of March, 1996, at Karl Seidenstuecker Auditorium at Kennett High School, Conway, New Hampshire.

**ARTICLE 1:** To choose all necessary officers.

**ARTICLE 2:** To see whether or not the Town will vote to adopt Amendment #1 as proposed and recommended by the Planning Board for the Town Zoning Ordinance amending provisions of Conway Code 147-6 adding and amending seven of the definitions applicable to the code.

**ARTICLE 3:** To see whether or not the Town will vote to adopt Amendment #2 as proposed and recommended by the Planning Board for the Town Zoning Ordinance amending provisions of Conway Code 147-11A.(2) amending provisions and adding a new provision regarding home occupations.

**ARTICLE 4:** To see whether or not the Town will vote to adopt Amendment #3 as proposed and recommended by the Planning Board for the Town Zoning Ordinance amending provisions of Conway Code 147-19B.(1) amending window sign provisions and adding a new directional sign provision.

**ARTICLE 5:** To see whether or not the Town will vote to adopt Amendment #4 as proposed and recommended by the Planning Board for the Town Zoning Ordinance amending provisions of Chapter Code 147-11 A.(4) amending and adding a new provision regarding farm and nursery stands.

**ARTICLE 6:** To see whether or not the Town will vote to adopt Amendment #5 as proposed and recommended by the Planning Board for the Town Zoning Ordinance amending provisions of Chapter 147 by changing the name throughout the Zoning Ordinance of the Industrial District to the Industrial - 1 District and amending the front setback in

the Industrial District to a twenty-five (25') setback.

**ARTICLE 7:** To see whether or not the Town will vote to adopt Amendment #6 as proposed and recommended by the Planning Board for the Town Zoning Ordinance amending provisions of Chapter 147-14 D (1)(a) amending the uses in the Floodplain Conservation District Special Exceptions.

**ARTICLE 8:** To see whether or not the Town will vote to adopt Amendment #7 as proposed and recommended by the Planning Board for the Town Zoning Ordinance amending provisions of Conway Code 147-4 C.(1) by deleting subparagraph (b) and relettering the subsections to eliminate one of the conditions for approval of a non conforming structure.

**ARTICLE 9:** To see whether or not the Town will vote to adopt Amendment #8, agreeable to a petition of Benjamin M. Wall and others, for the Town to amend the Town Zoning Ordinance, being the provision of Chapter 147-22. C(3) to extend the Highway Commercial District Easterly to the Maine Central Railroad tracks Southerly of Locust Lane. Recommended by the Planning Board.

**ARTICLE 10:** To see whether or not the Town will vote to adopt Amendment #9, agreeable to a petition of John Bouchard and others, for the Town to amend the Town Zoning Ordinance, being the provision of Chapter 147-22. B(1) to extend the Highway Commercial District Easterly to the Maine Central Railroad tracks along the Northerly boundary of lots 77/49, 77/50, 19/71, and 19/70 on Sheet 2-13. Recommended by the Planning Board.

**ARTICLE 11:** To see whether or not the Town will vote to adopt Amendment #10, agreeable to a petition of Bayard W. Kennett and others, for the Town to amend the Town Zoning Ordinance, being the provision of Chapter 147-22. B(1) to extend the Highway Commercial District Southerly from approximately the Southerly property line of the Clipper Home (Map 11, Parcel 57-2, on Sheet 3-10), then Westerly to the edge of the proposed right-of-way for the 9A Bypass. Recommended by the Planning Board.

**ARTICLE 12:** To see whether or not the Town will vote to adopt Amendment #11, agreeable to a petition of A. William Lehmann and others, for the Town to amend the Town Zoning Ordinance, being the provisions of Chapter 147-19. G(2) to allow neon lighting anywhere within a commercial building. Not recommended by the Planning Board.

**ARTICLE 13:** To see whether or not the Town will vote to approve CHARTER AMENDMENT summarized below:

This Amendment amens the Town Charter to conform to RSA 40:13 (this is the SB 2 Amendment) allowing official ballot voting

on all Warrant Articles before the Annual Town Meeting with final voting each year to be on the second Tuesday of April after public hearings, discussion and debate at the initial Annual Meeting of the Town on the second Tuesday of March or at a date thereafter and prior to the first Saturday following the second Tuesday of March as the governing body shall determine, but, if not otherwise determined from time to time, the first session of the Annual Town Meeting shall be on the second Tuesday of March, and at a subsequent public hearing before the April voting. A three-fifths (3/5ths) vote is required for passage of this amendment.

**ARTICLE 14:** To see if the Town will vote to raise and appropriate Ten Thousand Five Hundred Dollars (\$10,500) for the purpose of PURCHASING ADDITIONAL VOTING BOOTHS and COVER INCREASED BALLOT PREPARATION COSTS to accommodate the Town's Charter amendment to vote all articles by ballot on the second (2nd) Tuesday in April commencing 1997. Proposed and recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (10-0-0).

**ARTICLE 15:** To see if the Town will vote to approve the cost items of a one year COLLECTIVE BARGAINING AGREEMENT for the calendar year 1996 between the Town of Conway and AFSCME #93, Local #859, DEPARTMENT OF PUBLIC WORKS, having a total estimated contract cost for 1996 of Five Hundred Twenty Four Thousand Four Hundred Nine Dollars (\$524,409). No further amount of money is required to be raised and appropriated as there are no additional increases in total salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year. Proposed and recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (10-0-0).

**ARTICLE 16:** To see if the Town will vote to approve the cost items of a one year COLLECTIVE BARGAINING AGREEMENT for the calendar year 1996 between the Town of Conway and AFSCME Local #3657, POLICE DEPARTMENT, having a total estimated contract cost for 1996 of Seven Hundred Six Thousand Two Hundred Thirty Four Dollars (\$706,234). No further amount of money is required to be raised and appropriated as there are no additional increases in total salaries and benefits over those of the appropriation at current staffing levels paid in the prior fiscal year. Proposed by the Conway Police Commission. Recommendations by the Board of Selectmen and the Budget Committee will be given at the Annual Town Meeting.

**ARTICLE 17:** To see if the Town will vote to approve the establishment of a Trust Fund entitled "PUBLIC EDUCATIONAL/GOVERNMENTAL CABLE TELEVISION (PEG)." The Trust is to be funded through the receipt by the Town of Conway/State Cable TV contractual franchise fee as is disbursed to the Town from time to time and until otherwise rescinded by Town Meeting vote action. Trust monies, at the

discretion of the Board of Selectmen, may be distributed to the non profit Valley Vision,, Inc. in support of operations and equipment needs of the "PEG" channel. Proposed and recommended by the Board of Selectmen.

**ARTICLE 18:** To see if the Town will vote to assign the Resort Sports Network's (RSN) Channel 3 use fee pursuant to the contract between Resort Sports Network and State Cable TV so that the fee shall be disbursed directly to Valley Vision, Inc. for its use as needed in PEG channel operations. Proposed and recommended by the Board of Selectmen.

**ARTICLE 19:** To see what sums of money the Town will vote to raise and appropriate for the following purposes:

**GENERAL GOVERNMENT**

- Executive
- Election, Registration & Vital Statistics
- Financial Administration
- Revaluation of Property
- Legal Expenses
- Employee Benefits
- Planning & Zoning
- Government Buildings
- Cemeteries

**PUBLIC SAFETY**

- Police Department
- Ambulances
- Fire & Rescues
- Building Inspection

**HIGHWAYS**

- Highway Expenses

**SANITATION**

- Solid Waste Disposal

**HEALTH**

**WELFARE**

**CULTURE & RECREATION**

- Parks & Recreation
- Library
- Patriotic Purposes

**CONSERVATION**

**DEBT SERVICE**

- Principal of Long-Term Bonds and Notes
- Interest Expense - Long-Term Bonds and Notes
- Interest Expense - Tax Anticipation Notes

**NEW HIGHWAY EQUIPMENT**

**CAPITAL RESERVE FUNDS**

See State Form MS-7, Budget of the Town of Conway, NH, attached hereto and incorporated under this article.

**ARTICLE 20:** To see if the Town will vote to raise and appropriate Sixteen Thousand Dollars (\$16,000) for the Town of Conway: SACO RIVER SUBWATERSHED WETLAND AND NATURAL RESOURCE PROTECTION STUDY. The project is being coordinated by the Town's Conservation Commission to do a complete wetlands inventory and value assessment, produce current detailed maps, make recommendations for stewardship of sensitive lands, and provide valuable working tools for conservation and planning. Proposed and recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (7-3-0)

**ARTICLE 21:** To see if the Town will vote to raise and appropriate Fifty Nine Thousand Dollars (\$59,000) for the TOWN'S 20% MATCHING SHARE OF A FEDERAL/STATE ISTEA (Intermodel Surface Transportation Enhancement Act) GRANT. The total project cost is \$295,000, with the difference of \$236,000 being funded by the NH Dept. of Transportation. The project is to build a bike path on each side of West Side Road from the Swift River Bridge to the railroad (RR) crossing. A road overlay is also included in the construction. Proposed and recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (9-0-1).

**ARTICLE 22:** To see if the Town will vote to raise and appropriate One Hundred Eleven Thousand One Hundred Dollars (\$111,100) to COMPLETE THE WEST SIDE ROAD RECONSTRUCTION PROJECT. The RR Crossing was done in 1993, 1/2 mile reconstruction in 1994, Moat Brook Bridge in 1995. The 1996 reconstruction will cover 1/2 mile. Proposed and recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (10-0-0)

**ARTICLE 23:** To see if the Town will vote to raise and appropriate Forty Thousand Dollars (\$40,000) for the purpose of OUTDOOR RECREATIONAL FACILITY IMPROVEMENTS AT THE CONWAY COMMUNITY BUILDING. The Project includes expansion and improvement of fields (baseball, soccer, football, field hockey), basketball court, fencing, parking lot and landscaping. Proposed and recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (9-0-1).

**ARTICLE 24:** To see if the Town will vote to raise and appropriate up to the sum of Five Hundred Thousand Four Hundred Thirteen Dollars (\$500,413) to be paid to the following PRECINCTS/DISTRICTS FOR THE SERVICES INDICATED:

<u>PRECINCT/DISTRICT</u>	<u>SERVICES</u>	<u>AMOUNT NOT TO EXCEED</u>
North Conway Water Precinct	Fire/Rescue	\$240,963
Conway Village Fire District	Fire/Rescue	156,409
Center Conway Fire Precinct	Fire	69,000
East Conway Fire Precinct	Fire	19,143
Redstone Fire District	Fire	14,898
		<u>\$500,413</u>

Agreeable to a petition signed by Thomas R. Steele and others. Not recommended by the Board of Selectmen by a vote of 0-5-0, but by a vote of 5-0-0 Selectmen voted to support funding at the 1995 level as follows. Petitioned article not recommended by the Budget Committee (0-12-0), but by vote of 12-0-0, Budget Committee voted to recommend funding at the 1995 level (\$450,818).

North Conway Water Precinct	Fire/Rescue	\$222,764
Conway Village Fire District	Fire/Rescue	138,990
Center Conway Fire Precinct	Fire	59,000
East Conway Fire Precinct	Fire	19,143
Redstone Fire District	Fire	<u>10,921</u>
		\$450,818

**ARTICLE 25:** To see if the Town will vote to ASSUME ALL RESPONSIBILITY CURRENTLY HELD BY THE NORTH CONWAY LIGHTING PRECINCT (effective April 1, 1996) and to raise and appropriate the sum of Thirty Six Thousand Dollars (\$36,000) for the maintenance of the existing street lights and sidewalks for the remaining of the ensuing year (April 1, 1996-December 31, 1996), subject to the North Conway Lighting Precinct voting to dissolve its precinct charter at its annual meeting. Proposed and recommended by the Commissioners of the North Conway Lighting Precinct (3-0). Recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (10-0-0).

**ARTICLE 26:** To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) for the CONSTRUCTION PROJECT for the EASTERN SLOPE REGIONAL AIRPORT. Proposed and recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (8-0-2).

**ARTICLE 27:** To see if the Town will vote to raise and appropriate the sum of Seven Thousand Five Hundred Dollars (\$7,500) for the OPERATING EXPENSES for the EASTERN SLOPE REGIONAL AIRPORT. Agreeable to a petition signed by Ralph W. Wiggin and others. Recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (9-3-0).

**ARTICLE 28:** To see if the Town will vote to raise and appropriate the sum of Eighty Thousand Sixty Dollars (\$80,060), said sum to be allocated to the NORTH CONWAY COMMUNITY CENTER for programs of the North Conway Community Center. Agreeable to a petition signed by Melinda A. Puglisi and others. Recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (8-4-0).

**ARTICLE 29:** To see if the Town will vote to raise and appropriate the sum of Seven Thousand Four Hundred Seventy Eight Dollars (\$7,478) to assist CARROLL COUNTY MENTAL HEALTH SERVICES. Agreeable to a petition signed by Benita Silver and others. Not

recommended by the Board of Selectmen (1-4-0). Recommended by the Budget Committee (7-5-0).

**ARTICLE 30:** To see if the Town will vote to raise and appropriate the sum of Seven Thousand Six Hundred Seventy Eight Dollars (\$7,678) to assist the FAMILY HEALTH CENTER. Agreeable to a petition signed by Stephen Phillips and others. Not recommended by the Board of Selectmen (0-5-0). Recommended by the Budget Committee (6-4-2).

**ARTICLE 31:** To see if the Town will vote to raise and appropriate the sum of Two Thousand Forty Three Dollars (\$2,043) in support of CARROLL COUNTY AGAINST DOMESTIC VIOLENCE & RAPE'S SHELTER FOR BATTERED WOMEN AND CHILDREN. Agreeable to a petition signed by Susan K. Proctor and others. Not recommended by the Board of Selectmen (2-3-0). Recommended by the Budget Committee (9-3-0).

**ARTICLE 32:** To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000) to the NORTH CONWAY DAY CARE CENTER. Agreeable to a petition signed by Deborah Cassidy and others. Recommended by the Board of Selectmen (3-2-0). Recommended by the Budget Committee (7-1-4).

**ARTICLE 33:** To see if the Town will vote to raise and appropriate the sum of One Thousand Five Hundred Dollars (\$1,500) to be awarded to the VAUGHAN COMMUNITY SERVICE, INC. Agreeable to a petition signed by Eugene Hussey and others. Not Recommended by the Board of Selectmen (1-4-0). Recommended by the Budget Committee (8-3-1).

**ARTICLE 34:** To see if the Town will vote to raise and appropriate the sum of Ten Thousand Four Hundred Forty Dollars (\$10,440) for the VISITING NURSE & HOSPICE CARE SERVICES OF NORTHERN CARROLL COUNTY, INC. Agreeable to a petition signed by Maryellen LaRoche and others. Recommended by the Board of Selectmen (3-2-0). Recommended by the Budget Committee (8-3-1).

**ARTICLE 35:** To see if the Town will vote to raise and appropriate the sum of Four Thousand Dollars (\$4,000) for the EARLY INTERVENTION PROGRAM (birth to 3 years) of CHILDREN UNLIMITED, INC. Agreeable to a petition signed by Maryellen LaRoche and others. Recommended by the Board of Selectmen (3-2-0). Recommended by the Budget Committee (7-2-3).

**ARTICLE 36:** To see if the Town will vote to raise and appropriate the sum of Twenty Three Thousand Seven Hundred Nineteen Dollars (\$23,719) for support of the GIBSON CENTER FOR SENIOR SERVICES, INC. Agreeable to a petition signed by Carol J. Smith and others. Recommended by the Board of Selectmen (4-1-0). Recommended

by the Budget Committee (8-1-3).

**ARTICLE 37:** To see if the Town will vote to raise and appropriate the sum of Five Thousand Dollars (\$5,000) for the MT. WASHINGTON VALLEY CHAMBER OF COMMERCE, said funds to be solely dedicated to the North Conway Village Visitor Information Booth operations. Agreeable to a petition signed by Dennis E. Helfand and others. Recommended by the Board of Selectmen (3-2-0). Not recommended by the Budget Committee (5-7-0). [The Budget Committee voted to support 1995 level funding of \$3,000 by a vote of 9-2-1.]

**ARTICLE 38:** To see if the Town will vote to raise and appropriate the sum of Three Thousand Dollars (\$3,000) for the CONWAY VILLAGE CHAMBER OF COMMERCE in order to operate and administer the Information Booth, as well as organize the Christmas Parade, the Conway Village Festival, and other activities which benefit the Conway Community. Agreeable to a petition signed by Judith A. Brett and others. Recommended by the Board of Selectmen (5-0-0). Recommended by the Budget Committee (10-1-1).

**ARTICLE 39:** To see if the Town will vote to raise and appropriate the sum of Nineteen Thousand One Hundred Ninety Five Dollars (\$19,195) for the support of the CHILDREN'S HEALTH CENTER. Agreeable to a petition signed by Barbara S. Lucy and others. Recommended by the Board of Selectmen (3-2-0). Recommended by the Budget Committee (7-1-4).

**ARTICLE 40:** To see if the Town will vote to raise and appropriate the sum of Six Thousand Dollars (\$6,000) to defray the expenses of the service programs and operating costs of the MOUNT WASHINGTON VALLEY CHAPTER OF THE AMERICAN RED CROSS. Agreeable to a petition signed by Claire Sheldon and others. Recommended by the Board of Selectmen (3-1-1). Recommended by the Budget Committee (11-1-0).

**ARTICLE 41:** To see if the Town will vote to raise and appropriate the sum of Seven Thousand Two Hundred Fifty Dollars (\$7,250) for the support of TRI-COUNTY COMMUNITY ACTION PROGRAM IN NORTH CONWAY. Agreeable to a petition signed by Karen James and others. Not Recommended by the Board of Selectmen (2-3-0). Recommended by the Budget Committee (8-3-1).

**ARTICLE 42:** To see if the Town will vote to raise and appropriate the sum of Two Thousand Five Hundred Twenty Three Dollars (\$2,523) for the FAMILY SUPPORT PROGRAM OF THE CENTER OF HOPE. Agreeable to a petition signed by Todd L. Vander Schaaff and others. Not recommended by the Board of Selectmen (0-5-0). Not recommended by the Budget Committee (0-11-1).

**ARTICLE 43:** To see if the Town will vote to raise and appropriate the sum of Ten Thousand Dollars (\$10,000) for the purpose of STRING-

ING CHRISTMAS LIGHTS on all the trees in Schouler Park, and installing a permanent electrical wiring system, and to fund entertainment in the Community Center and in Schouler Park. Agreeable to a petition signed by Eugene R. Hussey and others. Not recommended by the Board of Selectmen (0-5-0). Not recommended by the Budget Committee (0-12-0).

**ARTICLE 44:** To see if the Town will vote to raise and appropriate the sum of One Thousand Three Hundred Dollars (\$1,300) in support of the CONWAY HISTORICAL SOCIETY. Agreeable to a petition signed by Richard S. Putnam and others. Not Recommended by the Board of Selectmen (2-3-0). Not recommended by the Budget Committee (6-6-0).

**ARTICLE 45:** To see if the Town will vote to raise and appropriate the sum of Two Thousand One Hundred Sixty Two Dollars (\$2,162) for the support of the MOUNT WASHINGTON VALLEY ECONOMIC COUNCIL. Agreeable to a petition signed by Cynthia B. Briggs and others. Recommended by the Board of Selectmen (4-0-1). Recommended by the Budget Committee (7-4-1).

**ARTICLE 46:** To see if the Town will vote to raise and appropriate the sum of Two Hundred Dollars (\$200) for the support of the BIG BROTHERS/BIG SISTERS OF NORTHERN NEW HAMPSHIRE program administered by the Tri-County Community Action Program. Agreeable to a petition signed by Kipp A. Cooper and others. Recommended by the Board of Selectmen (3-2-0). Recommended by the Budget Committee 8-3-1).

**ARTICLE 47:** To see if the Town will vote to amend Chapter 118 of the Conway Codes, PARKS, Article III, WHITAKER WOODS, Section 118-1, by adding the following subparagraph:

“D. Shooting with any weapon or firearm on or into said property shall not be allowed except under the supervision of a conservation officer.”

The amendment is a quoted extract from the conditions and covenants of the recorded July 15, 1971, Warranty Deed conveying the land to the Town of Conway. Proposed and recommended by the Board of Selectmen.

**ARTICLE 48:** To see if the Town will vote to accept as a Town road Landrock Road (off Route 113), Conway, NH. Landrock Road is 500 feet in length and is constructed to Town of Conway specifications. Agreeable to a petition signed by David D. Doherty and others. The Board of Selectmen shall make its recommendation at Town Meeting following a determination of construction and build-out compliance.

**ARTICLE 49:** To see if the Town will vote to accept as Town roads Eastern Avenue and Burbank Avenue (known as Eastern Spaces off the East Conway Road), Conway, NH. Eastern Avenue and Burbank Avenue are 1,000 feet in length and are constructed to Town of Conway specifications. Agreeable to a petition signed by David W. Jensen and others. The

Board of Selectmen shall make its recommendation at Town Meeting following a determination of construction and build-out compliance.

**ARTICLE 50:** To see if the Town will vote to authorize the Selectmen to accept a GIFT OF LAND from Ruth S. Twombly, known as Map 11, Lot 75, located off of Dandiview Road. The gift of land is to serve the public purpose as conservation land in perpetuity in the name of Robert G. Twombly. The 17 acre wetland parcel shall further serve to satisfy land mitigation requirements for the Old Landfill Closure Project.

**ARTICLE 51:** To see if the Town will vote to urge our representatives to the General Court of New Hampshire and the United States Congress to pass laws reforming electoral campaign financing, thus returning the political process to the will of the people and encouraging the participation of candidates with great ability and limited means. Measures to accomplish this may include, but not be limited to, the following:

1. Sharp limitations on all forms of contributions to candidates, including soft money contributions (contributions to political parties);
2. Maximum spending limits per election linked to geographic and demographic makeup of each state and district, such as \$1.00 per voter;
3. Sharp limitations on all forms of spending to influence elections, including independent expenditures;
4. Sharp limitations on contributions to and spending by political action committees; and
5. Remedies, such as free broadcast time, postal subsidies, and democratic (public) financing, to balance inequities between credible candidates, incumbent and challenger, rich and poor.

Agreeable to a petition signed by Leo M. Kenney and others.

**ARTICLE 52:** Shall the Town accept the provisions of RSA 202-A:4-c providing that any town at an annual meeting may adopt an article authorizing indefinitely, until specific rescission of such authority, the PUBLIC LIBRARY Trustees to apply for, accept and expend, without further action by the Town Meeting, unanticipated money from a state, federal or other governmental unit or a private source which becomes available during the fiscal year? By request of the Library Trustees and recommended by the Board of Selectmen.

**ARTICLE 53:** To see if the Town will vote to authorize the Selectmen to accept gifts of personal property which may be offered to the Town for any public purpose, pursuant to RSA 31:95-e. The Selectmen must hold a public hearing before accepting such gifts, and acceptance shall not bind the Town to raise, appropriate or expend any public funds for the operation, maintenance, repair or replacement of any such personal property.

**ARTICLE 54:** To see if the Town will vote to authorize the Board

of Selectmen to accept, on behalf of the Town, gifts, legacies and devises made to the Town in trust for any public purpose, as permitted by RSA 31:19.

**ARTICLE 55:** To see if the Town will vote to authorize the Board of Selectmen to apply for, accept and expend, without further action by the Town Meeting, unanticipated money from a state, federal, or other government unit or a private source, which becomes available during the fiscal year.

**ARTICLE 56:** To see if the Town will vote to authorize the Board of Selectmen to withdraw Capital Reserve Funds established by the Town from time to time, and disburse the same in accordance with the purposes for which such funds were created respectively.

**ARTICLE 57:** To act upon any other business that may legally come before said meeting.

Given under our hands and seal at Center Conway, New Hampshire, this 13th day of February, 1996.

Paul D. Whetton, Chairman  
Michael J. Valladares

Carroll ss.

Personally appeared Paul D. Whetton, Michael J. Valladares, John A. Cuddy, A. Chad Hill and William J. Cuccio, Selectmen of the Town of Conway, New Hampshire, and made oath that the foregoing certificate by the is true, before me,

JOHN D. STEVENS,  
Justice of the Peace

## **TOWN MANAGER'S REPORT**

1995 continued to demonstrate that operating a town like a business can be done with positive results.

The staff and departments of government for which I am responsible have bought into the team building concept and the necessary loyal commitment that we must serve the community as accountable business cost centers with an obligation to provide the community with quality levels of service.

The following results and events demonstrate the effectiveness of the local government serving you:

- **Economic Development:** Final approval of a \$700,000 Community Development Block Grant to enable a local industrial company to expand from 23 to 105 well paid/good benefit skilled labor jobs. Continued rebirth of the Hobbs Street industrial area with major infrastructure improvements and job growth.
- **Solid Waste:** Substantial completion of the old landfill closure at an under budget cost, along with operational improvements which generated a six figure increase in revenues to offset operational costs.
- **Manpower:** As attrition occurs, management has carefully evaluated methods of delivery and operations. In 1995, with a carry over into January 1996, four individuals voluntarily left the employ of the Town. Two in-house promotions took place with the lesser positions not refilled, another was not replaced, but in 1996 a lower paying part-time, no benefits position is in the budget to pick up work overload, and the fourth position went out on bid for contract work.
- **Assessing:** The department has stabilized into a professionally run efficient operation. Abatement applications decreased in the fall of 1995 to 60+/- from the previous year's 325+/-, which is a result of a high level of communication and quality service to the taxpayers.
- **Vehicle Maintenance:** The Town garage's new cost center in 3-1/2 years has gone from maintaining highway/solid waste vehicles, to including the police vehicle fleet, and now the school bus fleet. The cost savings and quality of service are noticeable, and future maintenance expansion may be offered to the precincts/districts. Operating and fixed costs are distributed to the various departments based on a percentage of total vehicle fleet formula.
- **Health Insurance:** A personal five (5) year goal was accomplished in less than four (4) years as a Flexible Benefits Plan was put into place for all but the Police Union employees and SAU #9, which is not under my jurisdiction. The plan is structured to control costs, not take any more out of employees hired prior to January 1, 1996 (they pay equal to 30% of health base plan costs) and through tiering of benefits future hires are at 50%, thus creating a transition to 50-50% cost sharing of health benefits for all employees. At the same time, employees have the opportunity to tailor benefits to their specific needs.

The above is not all inclusive, but gives you a snapshot of how management and Town employees are representing taxpayer interest and are whole-

heartedly involved in managing Conway like a successful business.

As in past years, I refer to the narrative budget portion of this year's Annual Report for a more detailed financial view of the Town. 1995 was, however, an excellent year with good revenues, controlled spending, and improved fiscal strength.

I am excited about 1996, working with my positive thinking, get-the-job-done staff, and personally serving Conway as your Town Manager for many years to come. I encourage taxpayers, residents, visitors, and business owners to communicate with me. At Town Hall we try very hard to be good listeners and respond to your issues, concerns, problems or ideas. You are all a major part of our user-friendly service delivery center.

As 1995 ends and we take on the challenges of 1996, I extend my gratitude to the Selectmen for their support, and wish everyone who has the opportunity for Conway to be part of their lives, to enjoy and have a memorable year.

Respectfully submitted,  
James B. Somerville  
Town Manager

Conway Highway Department  
*Tim Shackford and Lee Dewey*

# **ANNUAL NARRATIVE FINANCIAL/BUDGET REPORT**

Submitted by: James B. Somerville, Town Manger

January 1, 1996

## **OPENING COMMENTS:**

The purpose of this report is to provide the Town's residents, taxpayers and voters with a vehicle to better understand the annual budget which they are being asked to vote on. The report attempts to take \$5 million of complex numbers and put them into logical words, with insight into management's financial philosophy, and how operations, services and manpower relate to the budget. In addition, the report highlights increases and decreases, and provides an overview of the Town's financial condition and posturing in today's economy.

I carry forward my confidence from last year that the Town of Conway will vote with a better understanding of the operational budget, and will support the budget as accountable and responsible in the providing of municipal services in an efficient manner.

## **GENERAL OVERVIEW:**

A. The Town's financial profile shows continued improvement for the fourth consecutive year. Some causes of this encouraging trend are highlighted as follows:

1. The process of being financially accountable and exercising spending austerity is well embedded in my staff and has become a daily operational challenge and way of life.
2. Development of cost centers at the highway maintenance garage and the solid waste facility.
3. Continually addressing manpower levels, and weighing contractual services.
4. Controls and efficiencies of service delivery.
5. Purchasing and bidding policies.
6. Continued movement in health benefit cost sharing.
7. Increased revenues, improved cash flow, and effects of economic recovery.
8. Accountable welfare and legal activity.
9. Increased secure income performance and favorable borrowing rates.
10. Yearly reprioritizing and shifting of projects and operational needs to allow for a stabilized Town tax rate without a sacrifice in delivery of services or maintenance of infrastructure.

B. 1995 was no different from other years as operations had to deal with the unanticipated. The light winter of January-March, 1995, gave a budgetary reprieve only to result in an overrun with the early winter weather of November and December. The summer drought had the costs for hauling landfill leachate well under budget only to see the rains of fall create an expenditure greater than any year before. On the other side of the ledger, budget areas such as legal, welfare, payroll and benefits, workers compensa-

tion, school bus maintenance, and debt service interest all performed under budget. Combined with an increase in revenues over anticipated, an end of year surplus of approximately \$200,000 (subject to audit) resulted. This simply emphasizes the need and practicality for our existing Gross Budget Law. The complexity and diversity of municipal operations requires the ability for management to be flexible and to have decision making authority which allows adjustments to operations based on necessity and prioritizing, while at the same time staying within the total budget.

### **BUDGET PHILOSOPHY:**

The budget philosophy for 1996 continues the trend of 1993-94 and 95, which was stated as "continuing to evaluate each and every department, identify areas of excess, ways to consolidate and cross train/utilize manpower, find more effective ways to get the job done or to purchase services/supplies, continually ask questions such as: Can it wait? Do we need it? Can we do it for less cost? Can someone else do it? Where is it on the prioritized list? Is the service essential?, etc." This philosophy has once again generated a budget which for 1996 is manageable and is accountable. There is nothing arbitrary within the 1996 budget. It is a continued reflection of hard work by people who care and is one more step in time in "running a five million plus dollar operation like a business."

### **BUDGET ANALYSIS:**

Only significant changes from the 1995 budget are discussed.

#### **Executive:**

A. While it appears the non union merit pay has increased by \$12,660, it has actually gone down from the amount spent in 1995 (\$13,704). For accounting purposes the merit performance raises, when awarded, are distributed to the appropriate department and salary account line item. That less is being requested this year reflects that the merit system is working and that even as performance raises are given, overall payroll is down. As we have attrition a new hiree comes in at 80% of average pay scale for that position and must prove and earn himself/herself up the scale. Recognizing the position was previously filled by a higher paid employee, total payroll remains relatively stable while quality performers/producers receive rewards for their achievements. We are entering the 4th year of the program. During that time it has been fine tuned and IT IS WORKING.

#### **B. Equipment & Maintenance:**

In 1995 we delayed the purchase of new computer hardware and software for finance, collections, and Town Clerk, in order to accommodate the cash flow needs to do the Hobbs Street water project. It was necessary to have funds available for maintenance, parts and contracts to keep the old equipment going. This year we are moving ahead with a new system and that safeguard will not be required.

#### **C. Computers:**

The entire hardware/software replacement costs for the previously discussed areas plus a complete Town Hall Novell system networking has been bid out and will cost no more than \$50,000 to include installation,

maintenance contracts, and training. The new system will jump over 5-6 computer generations from 1982 to the present, and provide us with a state-of-the-art functionality whose software can be continually upgraded through the low cost maintenance agreement. While hardware will require periodic replacement, a complete system overhaul, in all probability, will not be required in the future. To assure proper transition and the ability for tax bills to go out in May, it has been necessary to place the order. The borrowing costs and lost interest revenue if we waited and lost two months on cash flow, would almost equal the cost of the system.

### **Elections & Registration:**

The appropriation nearly doubles because it is a Primary/National election year.

### **Government Buildings:**

Most of the Disabled Accessibility work is complete and the structural improvements made to the Conway Community Building (recreation facility). I hope you'll take note of the new appearance when you vote on March 12th. As a result, the budget is down.

### **Police:**

A. Continued efforts and fine tuning of the traffic control program. This is a well justified increase. The supportive response from the public speaks to the success, efforts, and results.

B. As you review the Police budget you'll notice several up and down line items. They reflect operational priority shifting, merit payroll system working effectively, and operational equipment needs. However, there is only a \$28,000 increase in a \$1.2 million budget, which is offset by a \$24,000 revenue from a federal grant.

### **Ambulance & Fire:**

Ambulance: Conway Village Ambulance - Last year this item and dollar amount was included in the Fire/Rescue funding Special Article. It is deemed more appropriate to isolate the ambulance costs into the operating budget separate from the fire/rescue budgets.

#### **Fire/Rescue:**

The Town's Fire Chief/Inspector transferred to Conway Village as their full time Chief. The Town's responsibility at this time rests in the area of fire code inspections and the Town's Code Enforcement Officer, working in cooperation with the precinct/district chiefs, will perform the function. The elimination of the position results in a budget reduction.

#### **Inspection:**

A part time zoning enforcement officer is being added. The workload is simply too great for the Code Enforcement Officer to handle alone. Last summer we experimented with a college intern, but the need is year-round. The position, at \$7,548, April 1 to December 31, carries no benefits and in essence replaces the Fire Chief/Inspector which cost the Town about \$40,000,

including benefits.

**Highway:**

Is it really up \$165,000? No! Last year the voters accepted the transfer of Street Lights from Conway Village—a \$40,000 commitment. Garage labor and school bus maintenance increases are canceled out with a \$96,400 revenue from the school for services rendered, minor equipment costs previously shown under New Highway Equipment (\$7,500 last year) are absorbed in the operating budget, and a three year program to fix three bridges would have in the past been Special Articles, but are truly a maintenance issue and in the operating budget, representing a \$17,000 increase—these items equal \$160,900. In actuality, many line items are down to allow for an increase of \$50,000 in roadway paving to properly activate a ten year road maintenance program.

**Solid Waste:**

Labor is up \$17,000, but it requires labor to create solid waste/recycling revenues which had a six figure increase in 1995.

**Debt Service:**

The increase in principal payments of \$15,000 is offset by the decrease in interest payments of \$21,000.

**Capital Reserve Funds:**

A. Heavy Equipment - increase of \$20,000 is in accordance with the 10-year equipment needs schedule published elsewhere in this report.

B. Surveys and Mapping - First we had to get the property revaluation behind us, and now we have to plan for remapping. Our maps are in poor shape, inaccurate, and do not properly represent what is currently there. We went out to bid, but the costs (\$150,000 to \$200,000) were too high to expect the taxpayers to bear this year in order to bring us up to date with today's state-of-the-art. In addition, the timing needs to be coordinated with the bypass property takings. An old reserve fund exists with approximately a \$28,000 balance. The intention is to add \$50,000 in 1996, \$50,000 in 1997, then round off the expense need based on a bid process in 1998, with mapping done at that time.

**CLOSING COMMENTS:**

The Operating Budget and Special Warrant Articles, as recommended by the Board of Selectmen, when combined and compared to 1995 less estimated revenues, reflects a reduction from \$3,633,302 to \$3,516,398 (-3.2%) to be raised by taxes. This amount is below the 1989 level of \$4,453,356, even though it includes over \$600,000 of operating funds previously the responsibility of and paid by the various precincts/districts.

The Town's portion of the budget will, therefore, provide for a stable tax rate (exclusive of school, precincts/districts and county). For the forthcoming tax year I do not anticipate an increase in assessed property values which would generate a tax rate decrease. However, if my conservative approach to revenues holds true, subject to final actions at Town Meeting, the October 1996 tax rate could conceivably go down for the Town's portion. Voters must realize that

Town Meeting actions that increase appropriations from those recommended will likely cause a corresponding increase in the tax rate.

The Town does continue to see a favorable recovery. The year end audit should result in showing that the Town's uncommitted funds will have grown from \$800,000 to over \$1,000,000 during the year and from \$225,000 since 1992. The target is to achieve a \$1,500,000 level which will give the Town a very favorable long term bond rating, as well as provide a strong "cash position," to offset budget needs and services on the next economic cycle. Conway's current fiscal strength has allowed us to reduce Tax Anticipation Note borrowing from a \$4,000,000 level in 1992 to \$1,500,000 in the spring of 1996. An obvious goal within the next few years is to not have to borrow at all. Such direction and commitment helps to assure the future financial well being and operational integrity of the Town of Conway.

I truly hope that the readers of this report find it helpful and informative. Your comments and ideas are always welcome and appreciated.

	<hr/>
BALANCE December 31, 1995	\$ 82,258.88

**REPORT OF THE TOWN TREASURER**

The year 1995 was a satisfactory one for the Town. We were able to reduce our Tax Anticipation borrowing to \$1.9 million from the \$2.5 million note taken in the year earlier. We hope a further reduction will be possible in 1996. Interest paid was well covered by interest income due to favorable rates during the year.

I would like to commend the Town Manager and the Board of Selectmen for their prudent management of the Town's affairs.

Respectfully submitted,  
Gene Drolet, Treasurer

# **INDEPENDENT AUDITOR'S REPORT ON FINANCIAL PRESENTATION**

To the Members of  
the Board of Selectmen  
Town of Conway  
Conway, New Hampshire

We have audited the accompanying general purpose financial statements of the Town of Conway as of and for the year ended December 31, 1994, as listed in the table of contents. These general purpose financial statements are the responsibility of the Town's management. Our responsibility is to express an opinion on these general purpose financial statements based on our audit.

We conducted our audit in accordance with generally accepted auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the general purpose financial statements are free of material misstatement. An audit includes examining on a test basis, evidence supporting the amounts and disclosures in the general purpose financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall general purpose financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As described in Note 1B, the general purpose financial statements referred to above do not include the General Fixed Assets Account Group, which should be included to conform with generally accepted accounting principles. The amount that should be recorded in the General Fixed Account Group is not known.

In our opinion, except for the effect on the financial statements of the omission described in the preceding paragraph, the general purpose financial statements referred to above present fairly, in all material respects, the financial position of the Town of Conway as of December 31, 1994, and the results of its operations and cash flows of its nonexpendable trust funds for the year then ended in conformity with generally accepted accounting principles.

Our audit was made for the purpose of forming an opinion on the general purpose financial statements taken as a whole. The combining and individual fund financial statements listed in the table of contents are presented for purposes of additional analysis and are not a required part of the general purpose financial statements of the Town of Conway. Such information has been subjected to the auditing procedures applied in the audit of the general purpose financial statements and, in our opinion, is fairly presented in all material respects in relation to the general purpose financial statements taken as a whole.

## **INDEPENDENT AUDITOR'S COMMUNICATION OF REPORTABLE CONDITIONS & OTHER MATTERS**

In planning and performing our audit of the Town of Conway for the year ended December 31, 1994, we considered the Town's internal control structure in order to determine the scope of our auditing procedures for the purpose of expressing our opinion on the financial statements. Our review of these systems was not intended to provide assurance on the internal control structure and should not be relied on for that purpose.

Under the standards established by the American Institute of Certified Public Accountants, reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control structure that, in our judgment, could adversely affect the Town's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. A material weakness is a reportable condition in which the design or operation of one or more of the internal control structure elements does not reduce to a relatively low level the risk the errors or irregularities, in amounts that would be material in relation to the financial statements being audited, may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control structure would not necessarily disclose all matters in the internal control structure that might constitute reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses as defined above.

The following matters came to our attention that we have discussed with management related to the administration of the Town:

### **GROSS BUDGETING**

During the year the Town spent \$58,665 from the Special Revenue Funds. These funds were spent without a formally adopted budget. Since the new Municipal Budget Act revision was passed in 1993, emphasis is being placed on Towns to adopt a budget on a gross basis. In this regard, we recommend that the Town formally adopt a budget for all governmental funds, which include the Special Revenue Funds.

### **SUPPLEMENTAL TAX WARRANTS**

During 1994, \$12,095 of additional supplemental property tax warrants were not approved by the Selectmen. This is a weakness in internal accounting controls. It would appear that the cause of this omission is the turnover of key personnel in the Assessing Department.

We recommend that all supplemental tax warrants be signed and approved by appropriate officials prior to the tax bills being issued, with the original for the Tax Collector and a copy provided to the Town Accountant.

### **LIBRARY FUND REVENUES/GIFTS**

The Library Fund periodically receives donations, gifts, grants, etc., from various sources which occasionally have certain restrictions. It appears that a

separate clearing account for these monies in not being maintained. We recommend that detailed records be kept to segregate all special funds to ensure they are expended for items which the donors intended.

#### **ASSESSMENT OF KEARSARGE METALLURGICAL TAXES**

Previously, due to the nature of the Kearsarge metallurgical property, we recommended that the assessment of the property be reduced since property taxes are not collected. This was to minimize the affect of not collecting these taxes.

In 1994, apparently due to the Town having a revaluation, the assessment for this property was considerably higher than in past years. We have recommended to the Assessor that this assessment again be reviewed and adjusted downward accordingly.

We are pleased to report that, during the course of our review of internal controls, no material weakness in the Town's accounting systems and records were identified.

This report is intended solely for the information and use of management and others within the administration. This restriction is not intended to limit distribution of this report, which is a matter of public record.

## **RESPONSE TO AUDITOR'S COMMUNICATION**

### **RE: GROSS BUDGETING**

As recommended by the Auditors, the Town has reminded all departments that budgets should be submitted on a gross basis showing total anticipated expenditures and sources of revenue, and that this applies to their Special Revenue Accounts as well as general fund appropriations.

### **RE: SUPPLEMENTAL TAX WARRANTS**

As noted by the auditors, the staff in the Assessing Department was new and learning all the procedures regarding tax billing. All tax warrants are now signed and approved as required.

### **RE: LIBRARY FUND REVENUES/GIFTS**

Since the time of the audit, all funds of the Library are being recorded in detail by the Library Treasurer and segregated to enable the verification of expenditures as intended by each fund.

### **RE: KEARSARGE METALLURGICAL TAXES**

This was an error by the revaluation company and the assessment on this property has been adjusted downward as had been done in previous years.

James B. Somerville, Town Manager

## ASSESSOR'S REPORT

In 1994, the Town of Conway completed a revaluation of all taxable real estate. Even successful revaluations like Conway's are expensive and time consuming. Understandable, the town would like to minimize this expense.

To this end, the Board of Selectmen has adopted a goal of reinspecting and adjusting all properties periodically so as to maintain the accuracy of our assessment data. It has approved a program whereby an attempt will be made to inspect property once every five years. This will avoid the labor intensive (and expensive) process of trying to inspect all properties in a single year's time. With accurate data, a revaluation can be performed, substantially in house, using existing manpower and computers, at a fraction of the cost.

I am fully aware that reinspecting properties is intrusive. In order to minimize this, I hope to perform complete inspections on site while at a property for some other reason, say inspecting improvements to a property due to a building permit or reviewing an abatement application. Whenever I have occasion to be on site for whatever reason, I hope to be able to take that opportunity to review all of the data on a property for accuracy.

Some property owners may prefer not to allow an inspection of their property once every five years. In those cases, the assessor will estimate. In any event, the property owner always has the right to dispute his assessment and request a review by the assessor. We hope that the taxpayers of Conway can see that the money we are trying to save is their own.

As the local real estate market changes with the economy, we hope to periodically adjust values to reflect those changes....sort of a "mini-revaluation". In order to be fair, we will update everyone to the same date. All properties will be reviewed but not all may end up changing. It will all depend on what the real estate market tells us through analysis. By continually striving to reflect market value, we hope to de-mystify assessed values to the average taxpayer and make it easier for him or her to gauge the accuracy and fairness of their assessment.

Starting with the Fall 1996 tax bill, the state legislature has extended the time allowed to file for an abatement. The deadline for filing an abatement will be March 31, 1997. The previous deadline was two months from the mailing date of the tax bill. It was felt that having a statewide abatement deadline will remove some of the confusion about when to file.

This deadline also applies to elderly exemptions, however, the assessor's office advises that those people eligible for elderly exemptions file by April 15, 1996 in order for the adjustment to appear automatically on the tax bill rather than having to pay the bill in full and wait until the Fall for a rebate from the Town.

I hope these programs will be successful. To a great extent, it relies on cooperation between the taxpayers and the assessing department. If we can work together, we can save your tax dollars and avoid disrupting the town with another big, expensive revaluation.

Respectfully submitted,  
Thomas Holmes  
Assessor

## **TOWN OF CONWAY PROPERTY TAX EXEMPTION AVAILABLE TO CONWAY TAXPAYERS**

A PERMANENT APPLICATION for each exemption claimed below must have been filed with the assessing officials of the town. RSA 72:33.

**Veteran Service Exemption: RSA 72:28-36**

Amount=\$100 Regular Veteran, \$1,400 Total & Permanent Service Connected Disability. Must be a resident of NH for at least one year prior to April 1st of year exemption is applied for. Must be separated or discharged under honorable conditions and have served during correct time periods covered in statute, or widow of same. Applies only to place of primary abode; does not apply to second homes or parcels of land.

**Optional Adjusted Elderly Exemption: RSA 72:43-h**

Must be resident of NH for at least five years prior to April 1st of year exemption is applied for. Own real estate individually or jointly, if real estate owned by spouse, must have been married at least 5 years.

Net income of \$10,000 or, if married, \$12,000. Have assets of \$45,000 or less, excluding the value of residence. Amount of exemption:

65 to 74 years of age, \$25,000

75 to 79 years of age, \$40,000

80 years or older, \$50,000

The applicable amount is deducted from assessed value of property before tax is figured.

**Physically Handicapped: RSA 72:37-a**

“Physically handicapped person” means a person who by reason of a physical defect or infirmity permanently requires the use of special aids to enable him to propel himself. The cost of special aids which are built into the property are deducted from the valuation of the property.

**Blind Exemption: RSA 72:37**

Must be legally blind as determined by The Blind Services Department of the Vocational Rehabilitation Division of the Education Department.

Amount of exemption is \$25,000 deducted from his or her residential real estate.

For information concerning the following categories, please contact the ASSESSOR'S OFFICE, TOWN HALL, CENTER CONWAY at 447-3811.

Solar Energy System: RSA 72:62

Wind Powered Energy System: RSA 72:65

Woodheating Energy System: RSA 72:69

CURRENT USE ASSESSMENT: RSA 79-A

RESIDENTIAL USE ASSESSMENT: RSA 75:11 (for 1-family house in commercial zone) if used as primary residence.

**Municipal**    \$06.25  
**County**        \$00.90  
**School**         \$17.23  
**Base Rate**        **\$24.38**

### Precinct Rate Breakdown

PRECINCT	BASE RATE	WATER	FIRE	LIGHT	TOTAL
Conway Village Fire	\$24.38		\$4.21		\$28.59
North Conway Lighting	\$24.38	\$4.07		\$0.46	\$28.91
East Conway Fire	\$24.38				\$24.38
Center Conway Fire	\$24.38				\$24.38
North Conway Water	\$24.38	\$4.07			\$28.45
Kearsage Lighting	\$24.38	\$4.07		\$0.18	\$28.63
Intervale Lighting	\$24.38	\$4.07		\$0.10	\$28.55

## **TOWN PLANNER'S REPORT**

1995 seemed to indicate that a modest economic recovery occurred. While the number of Planning Board applications rose only slightly from past years, the scale of the projects increased dramatically. The board completed and conditionally approved the construction of a Wal-Mart, and neared completion of its review of a proposed BJ's Wholesale Club. These large retail projects promulgated much debate Town-wide over the merits of such developments. In response to the concerns expressed by the public, the Board thoroughly discussed the possibility of amending its regulations to govern architectural design elements of proposed commercial buildings, as well as limiting the maximum square footage of a single commercial building. Discussion on these issues continues to date.

The Town's commitment to initiating and facilitating economic development activities resulted in the relocation of several new businesses into Conway as well as the expansion of several existing companies. Perhaps, the largest success of 1995 was the relocation and expansion of Green Mountain Rifle Barrel, Inc. from East Conway Road to Hobbs Street; this move would not have been possible without the support of the Selectmen, the technical expertise of the Town Manager, and the financial support of both the Town and the Conway Village Fire District. We will continue an aggressive campaign to expand the Town's employment base in the future.

The unfortunate result of such a busy year for the Planning Board in terms of the time dedicated to development reviews has been a reduction in its long-term planning activities. The Master Plan revision was originally structured to be completed at a rate of two to three chapters per year. However, in 1995, only one, albeit lengthy and detailed chapter, was adopted. On a positive note, the Capital Improvements Program update was initiated and scheduled for completion in early 1996. I am thankful for the support and encouragement of both the Board of Selectmen and the Town Manager in this effort.

In closing, I would like to thank the Planning Board for their dedication to their community; I truly believe that they continue to make Conway a better place to live. While I feel that the Planning Board has had to make many difficult decisions over the years past, I believe that the future will hold new and more difficult challenges, as the New Hampshire Department of Transportation and the Federal Highway Administration enter into the implementation phase of the Conway By-Pass project. I am confident that the Board will meet the challenge, and encourage all residents to participate in the planning process.

Respectfully submitted,  
John D. Krebs  
Town Planner

## PLANNING BOARD REPORT

Many of the projects that came before the Planning Board in 1995 will forever change the nature of Conway. Because of this situation, many citizens feel that Conway is at a "crossroads". Much of the Board's time was spent on the large retail development projects. One project was approved, one was withdrawn after much work and two other large projects are still pending. Other applications for subdivision and site plans were reviewed as shown in the year end statistics.

### TOTAL NUMBER OF APPLICATION PROCESSED

Year	Subdivisions	Site Plans	Staff Reviews	Totals
1993	24	13	40	79
1994	17	21	31	69
1995	17	23	23	63

### TOTAL NUMBER OF NEW LOTS AND UNITS CREATED

Year	Lots	Units	Totals
1993	27	32	59
1994	23	14	37
1995	26	2	28

The Board's concern for the environment is reflected in the adoption of both the Saco and Swift River Corridor Management Plans. The water quality in both rivers is good to excellent, and it is the intent of the Board to continue to preserve that quality. The Board appreciates the dedication and hard work necessary to compile the information for these studies and extends our thanks to those who participated on the Advisory Committees.

The Planning Board also established Site Plan Regulations for the Industrial District and proposed changing the front setback in the district from 5 feet to 25 feet to be voted on at Town Meeting, 1996. Review of the Sign Ordinance and recommended changes were completed. The wording in the Zoning Ordinance was clarified at the request of the Code Enforcement Officer, Shawn Bergeron. After several revisions, the Economic Base and Development Chapter of the Master Plan was adopted by the Planning Board. Work on the Capital Improvements Program (CIP) was undertaken to establish long term planning commitments necessary for the future growth of Conway. Currently work is being done to solve the parking problems that exist in the Villages. To derive a fair and equitable solution, suggestions from the citizens and business owners are encouraged and welcomed.

All of the licensing agencies granted approval this year for the 9A By-Pass. With the approval granted for this project, many new ideas will be introduced for changes in Conway. Knowing the experience and diverse background of the Planning Board members and the Town Planner, John Krebs, I am confident of their ability to express

foresight in planning for the expanded growth that will inevitably occur.

Once again I find myself looking back over the past year and I truly wish to express my utmost gratitude to the Planning Board members, Holly Meserve, Recording Secretary, John Krebs, and the citizens of Conway for the many hours of hard work given to the task of planning.

Respectfully Submitted,  
James Burke, Chairman  
Conway Planning Board

## **REPORT OF THE CODE ENFORCEMENT DEPARTMENT**

1995 was a busy year for this department. With 339 building permits were issued, the local construction economy produced more work than the local tradesmen and building professionals could handle, and the workload kept this office struggling to keep up. It's purely quantity, not job size, that keeps us busy. To the surprise of many, larger projects such as the Christmas Loft and Fox Ridge are not as difficult as the smaller projects. On a large job each trade's work is spread out over a greater time period, therefore, offering more opportunities to work with everyone involved. On a small project there might only be a few days between receiving the application for a building permit and performing a Certificate of Occupancy inspection. As this office and the construction community continue to work together, I believe we're improving the quality and safety of Conway's buildings and we're able to do this through mutual cooperation and knowledge. In 1996 this department is going to be increasing it's education services to assist contractors in understanding and following the guidelines pertaining to the more common building code problems. During the year we will put on at least three educational seminars that should be informative and fun.

Throughout 1995, as in past year, zoning enforcement activity was brisk. The addition of a part-time assistant last summer worked out extremely well, with the enforcement of the Sign Ordinance alone paying 75% of this individual's wages. It is unfortunate that we've had to get this aggressive about enforcing Conway's rules, but it's our belief that these rules were adopted by the voters and we've inherited the responsibility to carry out the voters' wishes.

Beyond building and zoning, 1995 was a year of change. In June of last year the Town Fire Chief/Inspector, Larry Wade, moved on to the full time Chief's position at the Conway Village Fire District, thereby vacating this position at Town Hall. Since my beginning at Town Hall it was always good to have Larry around to bounce ideas off of and his assistance and humor are missed. Within the boundaries of Conway at any given time there are more construction and fire code issues and questions than one person could ever handle. The mutual creation of positive working environments between the Town Hall and the Precinct Fire Chiefs is taking place and this arrangement should serve to protect all areas in a workable manner. To all the district Fire Chiefs, Precinct Superintendents and the general populous of Conway, thank you for the help and support in 1995. I look forward to working with you again in 1996 and beyond.

Respectfully submitted,  
Shawn G. Bergeron  
Code Enforcement Official

## REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

In the calendar year 1995, our three (3) leading causes of fires were Children, Non-Permit fires not properly extinguished and Smoking Materials.

Violations of RSA 224:27 II, the fire permit law, and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$2,000 and/or a year in jail. Violators are also liable for all fire suppression costs.

To aid your Forest Fire Warden, Fire Department and State Forest Fire Officials, contact your local Warden or Fire Department to find out if a permit is required. This also helps to prevent unnecessary response to a controlled burn.

### 1995 FIRE STATISTICS

#### Forest Ranger Reported Fires

Number of Fires for	
Cost Share Payment	465
Acres Burned	437
Suppression Cost	\$147,000+

#### Lookout Tower

Reported Fires	555
Visitors to Towers	26,165
Number of Fires	
Local Community	38

#### Fires Reported by County

Belknap	11
Carroll	50
Cheshire	39
Coos	17
Grafton	26
Hillsborough	71
Merrimack	49
Rockingham	106
Strafford	78
Sullivan	18
Suppression Cost	\$4,000

Local communities and the State share the cost of suppression on a 50/50 basis. The State of New Hampshire operated 15 fire towers, 2 mobile patrols and 3 contract aircraft patrols. This early detection and reports from citizens aid the quick response from the local fire departments.

***“Remember, Only You Can Prevent Forest Fires!”***

Robert E. Boyd, Forest Ranger  
Larry B. Wade, Forest Fire Warden

## **REPORT OF THE CHIEF OF POLICE**

The end of 1995 was a very busy time for us, with many changes in personnel due to several employees who retired. Sergeant John Roberts and Dispatcher Robert Elliott both retired after 20 years of being employed by the Conway Police Department. Sergeant O. Jonathan Saxby resigned after 12 years to pursue a career as a pilot with a commercial airline. These retirements generated several promotions within the department which included Detective Patrolman Frank S. Curtis to Sergeant, Corporal Sean J. Billert to Sergeant, Patrolman Michael J. Santuccio and Patrolman Tommie C. McKenzie to the rank of Corporal, and Patrolman Richard L. Roderick being assigned to the Detective Division. New hires to replace retirements are Patrolman Eric H. Dewitt, Patrolman Edward K. Wagner, and Dispatcher Brittany Fisher.

Traffic Controllers have had additional hours added to put them out on the street during the busy winter weekends to help the flow of traffic. We have increased the number from 4 Traffic Controllers last year to 10 by adding 6 new people to be used for 1996.

This year has also been very busy with several Major Crimes. One being a bank robbery at a local bank, and the other an armed robbery at a local grocery store. Both of these crimes were solved by the Detective Division, specifically Detective Sergeant Jeffery L. Dicey and Detective Patrolman Alan P. Broyer. In both cases, arrests were made and all parties involved pleaded guilty to the charges against them, and they are now serving time for these crimes. These cases were solved with the help of all the employees of the Conway Police Department and because of the citizens of the Town of Conway helping out with much needed information during the investigation.

In 1995 the sign at the Conway Police Department blew down during a wind storm. With the help of Sergeant Frank S. Curtis, who designed the new patch for the department, the design was transferred to the new sign. Also with the donation of two granite stones by Alvin J. Coleman and Son, and the help of the Town Highway Crew the new sign was put in place.

We are looking forward to 1996 and we will be available to help in any way that we can.

Respectfully submitted,  
Robert J. Mullen  
Chief of Police

## POLICE COMMISSIONER'S REPORT

During the year 1995 there were several changes in personnel within the Police Department: Sergeant John Roberts and Dispatcher Robert Elliott retired after 20 years of service, and Sergeant John Saxby resigned to become a commercial pilot. This resulted in both promotions from within and new hires.

Improvement projects started in previous years within the department received continued fine tuning in 1995. For example, we continued to expand the Traffic Control Officer Program, we have increased the pay scale in order to attract more and better qualified people, and have instituted traffic control coverage during the winter weekends and vacation periods to complement the summer months. This should provide adequate traffic control measures throughout the calendar year. The department is also improving the Special Officer Training Program. The result will be that they will not only have arresting powers, but will also assist, as needed, with traffic control and provide an invaluable pool of trained personnel to promote from when police officer vacancies occur.

1995 has been a good year for the Conway Police Department and all of its members will continue to strive to be accountable and credible to you, the taxpayers in the Town of Conway, we want you to be as proud of your Police Department as we are in serving the people of Conway.

The Conway Police Commission  
Bob Porter  
Armand Milot  
Jim Yeager

## PUBLIC WORKS DEPARTMENT REPORT

Last year we started this report with highlights from the Solid Waste Department. In keeping with this "long standing tradition" let us start there again.

The big news is income. Earlier this year the fee for the disposal of commercial waste was increased to \$45/ton from \$25/ton. This increase generated \$247,929 which is \$117,000 more than the income from the previous year. Recycling revenue is also up. The market price for recycled commodities hit an all time high for most of the year. As a result, the Town's income from recycling for 1995 was \$102,000. This is twice as much as the Town earned the previous year. The gross solid waste income, disposal fees plus recycling income, was \$350,126 for this year. The total operating budget for solid waste was \$384,685. The current annual debt service and capital reserve for solid waste is \$504,416. The sum of debt service, capital reserve and operations minus all revenue is the amount raised by taxes. Solid waste services cost the taxpayer approximately \$1.00 per thousand in 1995.

The news is not all good, however. The percentage of waste recycled dropped this year by 2%. This figure is based on the tons of waste landfilled compared to the tons of recyclable shipped to market. Last year we recycled 20.5% of all waste as compared to 18.5% for this year. This loss in recycling percentage costs the taxpayer money for two reasons. First, it is a loss of income from the sale of these items, and second, it will shorten the life of the landfill. The Selectman and the Solid Waste Committee are currently working towards increasing the recycling percentage.

As you may recall, the Town Garage began servicing the police cruisers in 1993. All services and materials for the police were tracked separately and billed back to their department. This resulted in a cost savings for the Town as is evident by the reduction in cruiser maintenance expenditures. This year there are two new changes in the operation of the Town Garage. First, it has become it's own department as opposed to it's traditional status as a subset of the highway department. This change makes it possible to treat this department as a cost center which enables us to capture the total actual expense of providing services. This reorganization made it possible to implement our second change this year which is the maintenance of the Conway School buses. This program began in October of 1995 and, although this is not enough time to determine annual costs, the figures from this fourth quarter are less expensive than originally estimated. I'd like to congratulate Mike Courville who was promoted to Service Department Supervisor, and welcome our new mechanic Lee Dewey.

The highway department has been recycling pavement for three years now. Recycled Asphalt Pavement (RAP) consists of grinding up old pavement to a gravel like consistency. The RAP can then be substituted for gravel in the roadway prior to paving. The pavement can either be ground in place, as was done on the West Side road, or stock piles of asphalt pieces from previous projects can be ground when a sufficient quantity has accumulated. The Town used both

methods this year. A half mile section of the Passaconaway Road was reconstructed from the intersection of the Allens Siding Road towards Albany. The road crossed several wet sections and was built on sand and clay. The pavement was ground in place, removed and stockpiled for use later in the project. Once the pavement was removed the unsuitable sand and clay were replaced with gravel over road stabilization fabric. The RAP was then placed over the gravel and the road was paved. So far, the sections of roads repaired in this manner are holding up to the winter....let's keep our fingers crossed. We experimented with a different use of RAP this summer on Modock Hill Road. This is a gravel road and, as it's name suggests, it has its steep sections. As the road cuts across the hill it picks up ground water and that combined with storm water causes the road to wash out annually. As suggested by members of the highway crew, RAP was used in place of the usual gravel. In addition, the drainage was improved and an under drain was added to intercept the ground water. Let's keep the fingers on our other hand crossed as well. Lastly I'd like to welcome Mr. Tim Shackford who is the newest member of our highway crew.

The Conway Community building, formerly known as the Old Pine Tree School, was given a face lift this year. After performing some carpentry and insulating, the entire building was sided with vinyl and trimmed with aluminum. The work was accomplished by New Hampshire Aluminum and they did a fine job. Please see the cover of the Town Report.

A good deal of my time this season was spent on the Old Landfill Closure. This project consisted of the removal of the septage lagoons, the excavation and relocation of incinerator/construction debris, and the placement of a plastic cap over 10.5 acres of buried trash. The project reached substantial completion, as stipulated by the contract, on December 15, 1995, and was shut down for the season. There is approximately two weeks worth of work remaining to be performed in the Spring. The folks at UCON did a great job and, as always, it was a pleasure to work with them. This was a two million dollar project which will be completed under budget. The Town borrowed the construction money from the State at a very low interest rate and will pay back only 80% of the total cost over the next twenty years.

Lastly, the Moat Brook culvert which crosses the West Side Road was replaced in October. This scheduled replacement was part of our Bridge Rehabilitation program which began with the Mill Street Bridge in 1994. The work was completed just in time as Mother Nature baptized it with ten inches of rain in the last two weeks of October.

I believe that sums up the highlights of 1995. Thank you for the opportunity to present this report. I look forward to seeing you at Town Meeting.

Respectfully,  
Paul A. DegliAngeli, P.E.  
Public Works Director

## **BOARD OF ADJUSTMENT 1995**

The Board of Adjustment heard thirty-four cases in 1995. Six were Variance requests, three granted and three not granted. Nineteen were requests for Special Exceptions of which sixteen were granted, five with conditions attached, two were denied and one was withdrawn by the applicant. The Board heard eight Appeals from Administrative Decision with five overturned and two upheld and one withdrawn by the applicant.

The Board did have some problems in getting enough members to sit on some cases and increased the number of alternates to the full complement of five. But we accepted the resignation of Luigi Bartolomeo with regret when he became ineligible to serve. I would encourage anyone with an interest in zoning or land use planning to speak to Shawn Bergeron, Code enforcement Officer, myself or any of the Selectmen if you would care to serve on the Board.

## CONWAY PUBLIC LIBRARY ANNUAL REPORT, 1995

Visitors to the Conway Public Library these days will see many changes. The Library Trustees have been doing everything possible to eke out more space from the existing building to meet the needs of its patrons.

The most noticeable change is seen upon entering the lobby of the building. The Childrens' Room has been moved to the former meeting room. A circulation desk has been constructed through the wall to serve the Childrens' Room from the existing circulation desk. More shelving and tables for older children have been added. The items which had been stored in the meeting room have been moved to the staff room, as has overflow from the history room.

The Literacy Center has been moved into the former Childrens' Room. More than 140 individuals used the Literacy Center computers for more than 412 hours. This is an estimate, as probably more than 25% of those using the center don't fill in the log sheet. With the acquisition of more advanced software, a greater number of adults will be able to benefit from the services of the Literacy Center.

Under the auspices of the "Green Lights" program, the library's lighting was evaluated and then upgraded with energy-efficient bulbs and ballasts. The retrofit should result in a measurable energy saving for the library. Other renovations include carpeting the reading room, the addition of window quilts, the addition of shelving in the alcove and a table for patron workstations.

The Henney History Room had a busy year, with 450 researchers using the facility. The room has been rearranged to make more efficient use of the limited space. *The Conways*, a pictorial essay of the history of Conway, was published in June of 1995. Databases have been created to index and cross reference magazine articles, genealogy files, and photographs. Over 500 photographs have been entered in the computer and can now be referenced by key word. Twenty-one new rolls of microfilm have been acquired including *The Carroll County Independent* from 1938 - 1959 as well as issues of *White Mountain News* and the *Eastern Slope Signal*.

The Trustees of the Conway Public Library wish to gratefully acknowledge the efforts of Childrens' Librarian, Olga Morrill, on behalf of the library. Olga produced and directed the play "Joseph and the Amazing Technicolor Dream Coat". Time and talent were donated by the cast and crew. The Trustees also wish to thank The Resort Players, who donated the proceeds from this play to the Conway Public Library. The "Saddle Up A Good Book" summer reading program had a participation of 231 children, who read 5,752 books.

Job seekers received a boost when the NH Department of Employment

Security placed a computer and software at the library which will assist them in locating work on line and in listing their skills and availability for work. Employers can also list their openings in this system. Help is available at the library in using these new tools. Because this is such a popular service, it has become necessary to reserve a time slot by calling ahead.

Librarian, Margaret Marschner, and her staff are also offering instruction to the public on library services using library computers. All a patron need do is ask. 35,590 library users checked out 69,762 items. 709 new borrowers registered. The library staff answered 9,535 reference questions. Conway Public Library borrowed 859 items on interlibrary loan from other libraries throughout New Hampshire and the country. The library sponsored 30 programs for adults and 87 for children. 109 programs were held at the library and sponsored by other organizations.

Volunteers worked 464 hours at the library. Memorials were received remembering Blanch Ostroski, Norman "Bud" Blake, Robert E. "Bob" Duncan and C. Robert Gardner.

The Trustees of the Conway Public Library are doing the best they possibly can to meet the current needs of the Town of Conway. We must, however, look to the future and the needs of our children who will one day be adult users of the library. In order to do this, we need your help.

# CONWAY CONSERVATION COMMISSION

## ANNUAL REPORT 1995

The Conway Conservation Commission is responsible for the oversight of actions affecting the Town of Conway's natural resources and is, along with the Board of Selectmen, custodian of the Town's public lands. This past year, the seven members of the Commission worked on a diversity of projects. Securing grant funding for the Natural Resource Inventory, and evaluating the environmental impacts of the proposed Bypass routes, were the two major projects of the year. The Commission is very grateful to the many town officials and staff members, USDA Natural Resource Conversation Service; Peter Benson, The Nature Conservancy Green Hills Preserve Manager; in addition to the many townspeople, who helped us with the following projects:

### **Natural Resource Inventory:**

The US EPA is providing partial funding for a collaborative project involving the Conway Conservation Commission, the Audubon Society of New Hampshire, the Office of State Planning and Complex Systems Research Center at UNH to develop a model community natural resource protection program.

This will include an inventory of existing natural resources consisting of:

- wetlands
- forest resources
- geological resources
- agricultural resources
- wildlife habitat (large unfragmented parcels, vernal pools).
- rare natural communities
- threatened and endangered species
- unique biological and geological features
- as well as some information on important historical & archeological features.

Complex Systems Research Center will generate maps using geographic information system (GIS) technology to provide a visual tool to help in future phases of the project as well as to assist Conway officials in future deliberations that will affect natural resources.

The data collected for the inventory will be presented to Conway officials and residents and ASNH staff will facilitate a process in which those interested citizens prioritize those resources most important to Conway.

The Office of State Planning and ASNH will work with Conway planning officials to review existing local ordinances and regulations to determine their adequacy for protecting wetlands and prioritized resources. This portion of the project will be designed to take a holistic approach to wetland and water resource protection.

ASNH will also facilitate a process to establish a plan to prioritize wetlands and other critical resources for protection. The goal of this program will be to examine the need for permanent Protection of critical natural resources

and develop priorities for their acquisition.

Richard Cook, Director of the Wildlife and Wetlands Department at ASNH, will coordinate all project activities working closely with the Conway Conservation Commission and other interested groups.

The wetlands inventory and evaluation work will be done by wetland ecologist Amanda Lindley Stone using *The Method for the Inventory and Evaluation of Freshwater Wetlands in New Hampshire* which she co-authored in 1991.

The biological and geological inventory will be undertaken by Chris Martin, a senior wildlife biologist at ASNH. Chris will be collecting currently available information and also will be looking to Conway residents to provide additional information based on their knowledge of the local area.

**Bypass Project:** The Conservation Commission was asked to research and evaluate the impacts to the environment and the Town lands by the various bypass options. Countless hours were spent meeting with the federal and state project engineers and consultants in discussion and in on-site evaluations. Supported by the federal and state environmental agencies, and by national conservation societies and consultants, and after extensive research, the Conway Conservation Commission is opposed to an Eastern bypass and specifically, Option 9A. The seven member commission is outraged that the Department of Transportation is taking Town of Conway Conservation Lands and impacting unique, irreplaceable, valuable wetlands. The effect of an Eastern bypass on the Puddin' Pond tract and Whitaker Woods is extremely detrimental. We are opposed to the concept of a highway through these public holdings. In addition, we are opposed to any destruction of neighborhoods that will drastically change the unique character and atmosphere of our community. We feel that significant changes should be made to improve the traffic situation in the Conway area without detrimentally impacting and/or destroying the remaining natural resources, green spaces, agricultural lands, and neighborhoods of the area. We will continue to encourage mass transportation, alternative route information, modest improvements to local road infrastructure, multi-use trail systems, etc. The Commission has been working with the Town Planner, Parks and Recreation Department, and the Nature Conservancy to promote an integrated trail network. We are also represented on the NH Scenic Byways Committee.

Given our stated position above, the Commission must work through the bureaucratic process of the Environmental Impact Study supporting the Selectmen with recommendations for protecting and preserving Conway's natural resources. Replacement lands, wetland mitigation, and project design review continue to involve many hours researching environmentally sound decisions for Conway's future.

**Recycling:** The commission continues to work closely with the Lower Mt. Washington Valley Solid Waste District to promote and expand the recycling program in Conway. Biology students at Kennett High School have instituted another new community recycling service. Plastic beverage six-pack rings can be brought to the Kennett cafeteria, disposed of in the ring-labeled blue recycling boxes to be shipped, free of charge, to ITW Hi-Cone for reuse in the manufacturing of new rings. This action will also remove the rings from the envi-

ronment where they dangerously entangle wildlife, causing suffering and often death to animals. Office paper is being recycled at Kennett Junior and Senior High Schools. We encourage all businesses to participate by bringing their office paper to the Town Transfer Station. Conway's recycling program continues to grow, thanks to the efforts and support of the community.

**Town Properties:** Each season the commissioners make site visits to the town conservation properties to assess and plan for future management, educational and recreational projects. The following outlines some of the activities that have taken place on town properties this past year.

- **Whitaker Woods:** The home X-C ski training area of Conway's Olympian, Carl Swenson, hosted many competitive X-C ski meets this past year, including hosting 550 high school athletes from around the state at three separate events. Whitaker Woods is also the home of the White Mt. Milers community running program. As a vital link in the multi-use trail network, Conway citizens and visitors alike have enjoyed biking recreationally or Treking for Tots as a community service through Whitaker Woods enabling a 30 mile loop through our valley.

During the fall of '95 and winter of '96, a 30+ acre timber thinning is occurring in Whitaker Woods with access via the former Bancroft property and over the railroad tracks. This work will be done in accordance with the Forest Management Plan developed five years ago and is an ongoing process. This plan includes complete mapping and recommendations for managing the property for recreation, wildlife and timber stand improvements.

The Kennett High School landscaping class and the ski team provided trail maintenance and improvements to the existing trail network for which the townspeople will be deeply appreciative. The Mt. Washington Valley Ski Touring Association continues to do an outstanding job grooming the cross-country ski trails and thanks, also, to the White Mt. Milers for maintaining signage for local runners. The commission will continue to monitor the NH Electric Coop power line upgrade, installation of more poles, and the right of way agreement process. Prohibition of hunting will be continued to be enforced due to high frequency of recreational use and proximity to school and population base.

- **Puddin' Pond:** This property is a unique wetland in the state of N.H. and as such, has been utilized by grades K-12, Girl and Boy Scouts, and The Nature Conservancy as an educational site. The commission has provided interpretive tours for these groups and welcomes inquiries as to our next tour. The trail network and tree swallow boxes are maintained by the Kennett High School students. Parking is now available at the Thompson Road entrance to the trail network. Working in conjunction with The Nature Conservancy's Green Hills Preserve Manager, Peter Benson, and Kennett High School students, most of the bog bridging has been completed. The commission's long range goal is to create a Wetland Interpretive Trail in a multi-disciplinary environmental education unit by KHS students. Please contact the Commission for a copy of the map. An informational kiosk was

also placed on town land on the Black Cap Mountain Trail and the Peaked Mountain Trail, to provide for a town wide integrated multi-use, non-motorized trail network to Puddin' Pond.

Puddin' Pond has been the site of several scientific investigations over the past year. State archeologists reported finding significant artifacts which are being cataloged and will be returned to the Town at the request of the Commission. Kennett High School Environmental Science students conducted air quality, white pine, and wetland assessments under the auspices of the Commission. Kennett High School/Tin Mountain's Forests for the Future program conducted a year long research project on the property regarding timber management and baseline biogeographical studies. Several sightings of bear and fishers have been documented. These professional studies were formally presented at Conservation Commission meetings in the spring.

- **Walker Pond:** This property has seen increasing use by the Pine Tree School students and teachers for environmental education. This property, located on Mill Street, has a self-guiding interpretive trail on the natural history of the land and the background of the mills on Walker Pond (now called Conway Lake). Due to the continued theft of the guidebooks from the storage box, the guides are now available at Town Hall.

- **Shedd Woods:** KHS Biology students monitored the road salt runoff from the highway snow dump adjacent to the Saco River to maintain water quality.

- **Hubbard Davis:** Work has begun on deed clarification and the boundaries resurveyed prior to a forest management plan being developed. The brush work has been completed.

- **Common Lands:** The resurveying of common lands is in progress.

NH Wetlands Board Permits: The commission reviewed NH Wetlands Board applications and made site visitations to aid in making determinations of impact.

- **Conservation Education:** The Commission sponsors education workshop on a variety of environmental topics for Selectmen, Planning Board members, educators, and interested members of the public. Scheduled this spring 1996: "Conway's Wetland Resources", "Peregrine Falcons", "Vernal Pools", and "Groundwater Resources". Several members of the commission attended workshops related to conservation topics. We welcome specific workshop topic requests.

In the coming year, the Conservation Commission will continue to work on projects promoting the conservation, protection, and enjoyment of our town's natural resources. We welcome your ideas and participation at our meetings held on the second Tuesday of the month at the Conway Town Office Building.

Respectfully submitted,  
Conway Conservation Commission  
Kathleen Frenette, Chairman  
Candace Armstrong, David Brooks  
Tom Earle, Karen Franke  
Al Hatch, Herbert Lucy

## **REPORT OF TOWN OF CONWAY RECREATION CENTER**

The Conway Recreation Department office and facility is located at the Conway Community Building in Center Conway. The Conway Community Building offers a large classroom for meetings of non-profit and municipal agencies. Our gymnasium is used throughout the year for all recreational activities, community meetings and town polling.

There were new programs that were introduced in 1995. Adult tennis lessons, Jr. High dances, Senior's walk into shape program and women's adult basketball shoot around. These programs were designed to offer a recreational experience for all Conway residents of all ages.

We have been experiencing a large amount of growth in our current programs, but none as great as our summer program. Registration was up thirty-three percent from 1994's 163 children ages 6-14 to 243 children in 1995. We would not have been able to handle the increase in participants without the generous help of volunteers. The Recreation Department is proud to have had over 65 different volunteers to coach and chaperone different programs throughout the year.

As part of that volunteer base, an organization called The Friends of Conway Recreation was formed. The Friends serves as a volunteer group committed to fund-raising and supporting the Recreation Department's programs such as the Halloween Party, Easter Egg Hunt, T-shirts for Basketball and for T-Ball.

The many parks and recreations areas, Conway Lake Beach, Davis Park, Smith Eastman Recreation Area, First River Bridge, Schouler Park, Nasby King Field, Hussey Field, Whitaker Woods, and others, offer a diversified scope of recreational facilities and activities, to include for example: swimming, hiking, canoeing, X-country skiing, biking, tennis, softball, baseball, horseshoes, volleyball, basketball, playground, and ice skating.

I would like to thank all the local businesses and civic groups who have donated goods as well as time to various programs of the Conway Recreation Department.

Respectfully Submitted,  
Johnny R. Eastman  
Recreation Director

## CONWAY RECREATION DEPARTMENT 1995 TRIP STATISTICS

Trip	Participants	
	Children	Adults
Scarborough Beach (Ages 10-14)	45	7
Storyland (Ages 6-9)	48	7
Surfcoaster (Ages 10-14)	87	7
Scarborough Beach (Ages 6-9)	38	6

## **CONWAY RECREATION ADVISORY COMMITTEE REPORT**

Several items relating to town recreation were discussed at monthly meetings held at the Conway Community Building in Center Conway.

1. Recreation fees to be assessed to the towns of Eaton and Albany.
2. Citizens comments about the lack of use of Conway Elementary School by the Recreation Department - most programs are now in Center Conway.
3. Discussion about the Americorps volunteer to provide extra help in the Junior High age category.
4. Bike trail improvements with the newly appointed Recreation Director, John Eastman. Maps to be made and gravel to be used on trails.
5. New improvements to the Community Building, enlarging the multi purpose field in front of building.
6. Advertising on the outfield fence at Nasby King Field in Conway could be a source of revenue \$3-4,000.
7. Selectman Bill Cuccio was a good addition to the Recreation Committee.
8. Committee supported the reinstatement of the position lost when Ken Jones resigned in May.

**Committee members:**

David Sorensen  
Steve Swenson  
John Cannell

Doug Fagone  
Kim Perkins  
John Eastman

Steve Phillips  
Theresa Kennett  
Bill Cuccio

*Conway Recreation Director, Johnny Eastman*

## **NORTH CONWAY COMMUNITY CENTER ANNUAL REPORT - 1995**

It seemed that all year long when the Community Center Board of Directors met this past year, the primary concern we had was the law suit filed against us and others. It certainly was not business as usual.

In September, the suit was settled and we looked back at our programs and activities and we had weathered the storm quite well.

Our Jr. High/Sr./High weekend program again proved to be very popular as youngsters were here on Friday and Saturday evenings and Saturday and Sunday afternoons.

Our very well used summer playground had 2 new leaders this past summer. Jesse Lyman and Jean Kopanski did an excellent job of fitting in activities and trips and special events.

All of our Sport Programs were healthy with good registrations in all of them. Our Bunny Express and Easter Parade, Halloween, The Scout's Klondike Day and Pine Wood Derby, along with the YMCA Squeaky Sneaker Program and club activities made for a full year.

Our major project for 1995 was to improve our bandstand. We were scheduled to have the work done in the fall but we weren't able to get the job done. We will do it this year in the Spring.

Fund raising was again successful as we brought in over \$30,000 dollars from the 14 events we are involved in. We were also able to generate another \$11,000 from rentals.

As usual, a big thank you is owed our volunteers who really work all year round. We certainly would not have the success we've had if it weren't for you.

Kim Perkins, Director  
North Conway Community Center

## **REPORT OF THE GENERAL ASSISTANCE OFFICER**

The Town of Conway General Assistance (Welfare) Department served 781 clients in 1995 as reflective with the following: 224 families and 110 singles, including 82 new cases this year. Direct total dollars expended was \$35,611. The breakdown is as follows: Rent \$19,053; Fuel \$13,303; Medical \$1,207; Food and Misc. \$2,047. This is a decrease of \$5,000 from last year's budget. This year there was a doubling of new cases; however, in all we served 85 fewer clients.

Networking with other service agencies in the area has enabled us to offer more services to the clients. The Salvation Army, Vaughan Community Services, and private citizens have given generously of food for the pantry. Special thanks go to the Pine Tree School with their food drive, and State Cable TV for their welcome donations of food. In total \$2,855 was donated toward the care of Town of Conway citizens.

There are many organizations that we work with in the community that assist with needs that are not normally covered in our Welfare budget. The Congregational Church/Dinner Bell, Family Health Center, Children's Health Center, Community Action Office (who assist our Town greatly with the fuel assistance program and providing a share of rental costs, etc.), Carroll County Against Domestic Violence and Rape, who never fail us when we have clients in need, plus local churches. I have no exact figures on the dollar amount of their assistance and can only say they are there when we request aid. It is important to note that the clients themselves, paid back to the Town of Conway \$1,810 in 1995.

All of the above helps us to stabilize the Welfare budget.

Respectfully submitted,  
Bernadine Jesseman  
General Assistance Officer
